

AURORA colour test disc · print at 100% (actual size), cut on the grey circle

6 printed colours + white · 167 cells of 8 mm · analyze with pen_test.py and this key

Matte paper or cardstock. Punch the centre hole.

Check: the black ring should measure 168 mm across. Key: colour_disc_key.json (seed 11).

this bar must measure exactly 100 mm

AURORA data disc · print at 100% (actual size), cut on the grey circle

3509 cells of 2 mm · cyan/magenta/yellow · carries a 38 s tune · iphone_reader.py plays it

Matte paper or cardstock. Punch the centre hole. Light from the side so the lamp's reflection misses the camera.

this bar must measure exactly 100 mm
